# Introduction

---

Another edition of Summer Cup and the heightened motivation to continue a project that started in 2000.

This numbers prove the role of the Summer Cup on the international level.

The teams that have already visited us know how we evolved and the importance of this type of tournaments in motivating the young people to continue the practicing of volleyball.

For our part, we continue having the same goals, always based on continuous improvement of our organization, aware not only of our limitations, but also of our huge human potential.

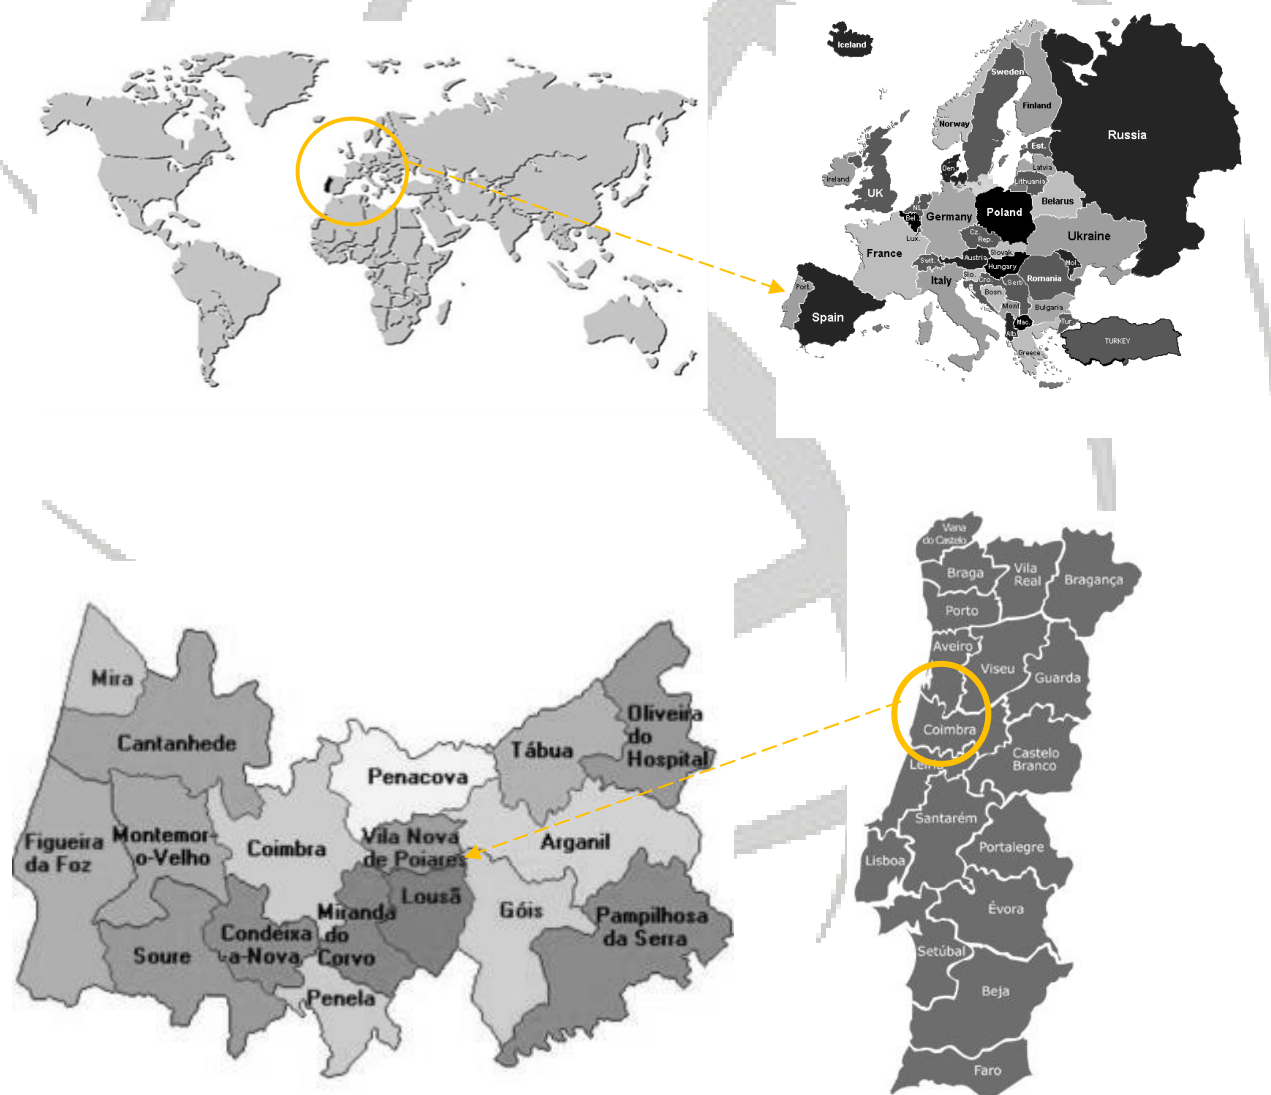

# Invitation

The organization of the **XX Summer Cup 2019** is pleased to invite your prestigious club to participate in the 20<sup>th</sup> edition of this international youth volleyball tournament.

The event will be held between **3 to 7 of July**, in Lousã, Portugal (28 km from Coimbra) in collaboration with the municipalities of Miranda do Corvo, Serpins, Góis and Vila Nova de Poiares.

The tournament is aimed to teams from the following age groups:

- **Under 14** ("Infantis") boys and girls: born in **2005** and after;
- **Under 15** ("Iniciados") boys and girls: born in **2004** and after;
- **Under 16** ("Cadetes") boys and girls: born in **2003** and after;
- **Under 18** ("Juvenis/Juniores") boys and girls: born in **2000** and after.

# Goals of the tournament

---

1. Extend the sports season of 2018/2019, keeping the participants teams motivated to keep training beyond the regular season.

4. Allow coaches to test teams and players that will be part of U14 level in 2018/2019 season. This opportunity is particularly important for the teams that still played mini volleyball this year and want to join the tournament for the teaching of 6x6 in the U14 competition.

2. Mark the end of the competition season through a tournament, where the parties and the moments of fraternization between the participating teams are a constant and give this event unique entertaining features.

3. Gather in Lousã and neighboring municipalities (Central region of Portugal), the family of national and international youth volleyball.

5. Also the teams who competed hard at the U15 level can register for U16 and so prepare the next season where they can already make substitutions during the set and use the libero player.

# Organizational Structure

The organization of the Summer Cup consists of about 15 elements that constitute the "core" group.

They are distinguished by wear orange uniforms.

In close partnership with these elements there are about 30 "collaborators". These elements are the operational staff of Summer Cup, assisting the participants in the sports facilities, transportation and meals. They wear green and are responsible for proximity organizational tasks.

Similarly, the Summer Cup has the privilege of having a noted group of official referees who coordinates the refereeing with about 100 volunteers.

In total, there are 150 elements performing organizational tasks that contribute to the achievement of one of the best volleyball tournaments in the world devoted to the youth level.

Summer Cup

O Summer Cup é um torneio jovem de voleibol internacional que se realiza na região Centro de Portugal.

Este é o Instagram oficial do evento.

[www.lousavolleyclube.wix.com/summercup](http://www.lousavolleyclube.wix.com/summercup)

**Website:** <http://lousavolleyclube.wix.com/summercup>

**Twitter:** @Summer\_Cup

## Accommodation

The accommodation will be available in **classrooms** in the main schools of the several municipalities where the event takes place.

### **Summer Cup Accommodation Rules:**

1. The criteria for the distribution of the teams' accommodation are of the sole responsibility of the **Summer Cup organization** and may be adjusted in each edition.
2. The teams from foreign countries and autonomous regions of the Azores and Madeira are always housed in Lousã due to the need to travel one day before the start of the event and leave one day after the event.
3. The teams will be charged for the costs related to fixing damaged material in schools in result of its unauthorized or improper use.
4. The organization will provide one mattress per element (**only for the foreign or teams from islands**) and each participant should bring a sleeping bag or sheets and a pillow.
5. Teams wishing to be housed in another type of accommodation - Hotel, Inn, etc., are responsible for the corresponding fee and should make reservations directly with the hotel.

## Meals

The meals are prepared in **school canteens** and the registration fee for each person already includes their cost throughout the tournament for the following meals:

	2 July (Tuesday)	3 July (Wednesday)	4 July (Thursday)	5 July (Friday)	6 July (Saturday)	7 July (Sunday)	8 July (Monday)
Breakfast							
Lunch							
Dinner							

The first official meal of Summer Cup is DINNER OF WEDNESDAY. The last official meal is LUNCH OF SUNDAY.

The clubs must let the organization know, as soon as possible, about the cases of FOOD INTOLERANCE in order to allow the company to provide the most adjusted meal for each case. At the check-in will be delivered na INTOLERANT CARD, so the team's responsible must be sure that all the participants with FOOD INTOLERANCE have the card that allows them to get their special food at the canteens.

If clubs needs "unofficial" meals (marked "No") should contact the restaurants directly. The organization may provide some contacts of restaurants but is not responsible for the reservation process.

There is also several supermarkets near the accomodation places (schools), where is food available.

## Security

---

The organization of the Summer Cup has a special concern about security of the teams. In this sense we have counted on the collaboration of professionals duly qualified for this purpose.

The security on this kind of event is, obviously, essentially educational and restricted exclusively to the perimeter of schools and places where the event takes place.

To contribute to this collective effort we remind, **all participants must wear the identification badge** provided in the check-in.

The fact that we have a security team does not invalidate the need for coaches also perform preventive actions to reduce to a minimum the situations of some danger.

IN NO CASE ATHLETES CAN LEAVE VALUABLES (PHONES, TABLETS, WALLET, CAMERAS, ETC.) IN THE BATHROOMS, CLASSROOMS AND STANDS OF THE SPORTS HALLS.

# General Transports

---

The organization will provide the transportation of the teams for all games and tournament activities.

However, teams may use their own transportation, thus avoiding any waiting time for the official transportation and benefiting from greater autonomy.

NOTE: THE OFFICIAL TRANSPORTATION WILL ALWAYS BE AVAILABLE, EVEN FOR THE TEAMS THAT HAVE THEIR OWN VEHICLE.

## Transportation Airport - Lousã - Airport

---

The teams from the autonomous regions of Azores and Madeira and foreign countries using airlines can request the tournament transportation between the Lisbon or Oporto airport and Lousã.

The organization will provide buses that will transport several teams from Lisbon or Oporto Airport to Lousã. In order to cover the costs for the buses available to teams for each of the following routes:

- Airport -> Lousã = 12,50 € per person
- Lousã -> Airport = 12,50 € per person

Each member of the delegation is expected to contribute with 25 € for this transport.

Obviously, the participating teams are not required to use the organization's transportation in their trips to Lousã. If they wish, they may use the train network service ([www.cp.pt](http://www.cp.pt)) or the bus network service ([www.rede-expressos.pt](http://www.rede-expressos.pt)). The prices offered by the train or bus services are around 32 € per ticket.

NOTE: THE PRICES PROVIDED BY NATIONAL TRANSPORTATION COMPANIES BY TRAIN OR BUS ARE MORE EXPENSIVE, ARE NOT DIRECT AND OFTEN DO NOT INCLUDE THE CONNECTIONS BETWEEN STATIONS.

When using the SC official transportation, we ask the teams, when possible, to use the Lisbon airport since it is easier to organize transportation using buses of 50 seats for the simultaneous transport of several teams.

We advise the teams to ARRIVE ON JULY 2<sup>nd</sup>, TUESDAY, DURING THE DAY.

The organization shall provide to the teams one transport in the afternoon and another at night, with schedules adjusted as much as possible to the flights arrival time. Some teams may have to wait for others.

For the return, we ask the teams to BOOK THEIR FLIGHTS TO MONDAY, JULY 8<sup>TH</sup>, IF POSSIBLE, TO THE END OF THE MORNING OR EARLY AFTERNOON, THUS PREVENTING THE DEPARTURE OF LOUSÃ TO THE AIRPORTS IN THE EARLY HOURS OF JULY 8<sup>TH</sup>.

It may be necessary that some teams have to leave Lousã early for the airport since, for logistical reasons, the bus should be as full as possible. So the teams whose flight schedules are closer to the first team leaving should follow in the same bus.

## Parties and Gatherings

---

Parties are the main hallmark of the Summer Cup. It is a rare combination of factors that make the atmosphere of this region during the tournament and the environment that exists between the teams is really unique.

Assuming the friendly atmosphere between athletes, coaches, managers/parents, referees and volunteers as an important goal to be achieved, the organization has established four important moments of confraternization.

	<b>2 July Tuesday</b>	<b>3 July Wednesday</b>	<b>4 July Thursday</b>	<b>5 July Friday</b>	<b>6 July Saturday</b>	<b>7 July Sunday</b>	<b>8 July Monday</b>
<b>Morning</b>	Arrivals	Arrivals Check In	Games 1st phase	Games 2 <sup>nd</sup> phase	Games Final phase	Games Final	Departures
<b>Afternoon</b>	Arrivals	Start of the tournament  Games 1st phase	Games 1st phase	Pool Parties	Games Final phase	Final  Awards Ceremony	Departures
<b>Night</b>	Welcome Party	Games 1st phase	Fun Zone Party	Games 2 <sup>nd</sup> phase	Goodbye Party	Departures	

## Welcome Party

In the Summer Cup, gatherings begin before the tournament starts.

On **Tuesday** evening there will be the "**Welcome Party**" that aims to welcome the foreign teams arriving the day before the event starts. In this way, we intend to "break the ice" and acclimatise teams to the spirit of the tournament.

## Fun Zone Party

On **Thursday** evening we held the **Fun Zone Party** with all the teams in the competition. It is characterized by being an exciting outdoor party with a DJ and where the organization offers a "pig on a spit" for coaches and managers.

## Pool Parties

---

On **Friday** afternoon the gathering takes place in the **Pools or River Beaches** in the municipalities where the teams are playing on that day. This is another form of the participants take conscience of the natural beauty of this area of the country, in addition to being a quiet counterpoint to the bustle of indoor volleyball games.

## Goodbye Party

---

On **Saturday** is the last party of the tournament, the **Goodbye Party** taking place in the Exhibition Park of Lousã and that makes gather all participants intending to signal the end of the event.

# Registration procedures

## Logistics

The teams should make their pre-register as early as possible in where will also be available the delegation form and payment data in order to formalize the registration.

The correct filling of the delegation form and its timely delivery is essential for **accreditation** procedures of the participants to ensure the security during the tournament.

## Registration Fee

To be able to organize an event of this dimension, the individual contribution of each participant through the **registration fee** is critical, which will serve to meet the following expenses:

→ Accommodation, 4 breakfasts, 4 lunches, 4 dinners, health and safety (6 Schools and 5 Sports facilities), physical therapy, refereeing, logistics, transportation, promotion, animation, etc.

**The registration fee for the XX SC 2019 is 100 €.**

The deadline for the fee payment is **June 20th** (two weeks before the tournament starts). From that date, the registration fee will be 150 €.

**NOTE - THE REGISTRATION FEE APPLIES TO ALL ELEMENTS OF THE DELEGATION: ATHLETES, COACHES, MANAGERS, PHYSICAL THERAPISTS, PARENTS, ETC.**

	Example	Until June 20th	Transportation	Total Registration and transportation
No.	Delegation	100 € per element	25 € per element	
10	9 athletes + 1 coach	$100\text{€} \times 10 = 1000\text{€}$	$10 \times 25 \text{ €} = 250\text{€}$	$1000 + 250 = 1250 \text{ €}$
11	10 athletes + 1 coach	$100\text{€} \times 11 = 1100\text{€}$	$11 \times 25 \text{ €} = 275\text{€}$	$1100 + 275 = 1375\text{€}$
12	11 athletes + 1 coach	$100\text{€} \times 12 = 1200\text{€}$	$12 \times 25 \text{ €} = 300\text{€}$	$1200 + 300 = 1500\text{€}$
13	12 athletes + 1 coach	$100\text{€} \times 13 = 1300\text{€}$	$13 \times 25 \text{ €} = 325\text{€}$	$1300 + 325 = 1625\text{€}$
14	13 athletes + 1 coach	$100\text{€} \times 14 = 1400\text{€}$	$14 \times 25 \text{ €} = 350\text{€}$	$1400 + 350 = 1750\text{€}$
15	14 athletes + 1 coach	$100\text{€} \times 15 = 1500\text{€}$	$15 \times 25 \text{ €} = 375\text{€}$	$1500 + 375 = 1875\text{€}$

## Special Conditions

The attribution of special conditions to clubs with several teams entered in the tournament, obviously want to encourage coaches and managers to mobilize all teams of the club so that it is more advantageous to participate.

For this purpose **only account** the teams registered with a **minimum number of 9 players** in the **U14 and U15 competition** or **8 players** in case of the remaining competitions (**U16 and U19**).

Club X	Discount	Total Discount
1 registered team	-	-
2 registered teams	-	-
3 registered teams	-	-
4 registered teams	1 element per team	4 elements per club
5 registered teams	1 element per team	5 elements per club
6 registered teams	1 element per team	6 elements per club
7 registered teams	1 element per team	7 elements per club
8 registered teams	2 elements per team	16 elements per club
9 registered teams	2 elements per team	18 elements per club
10 registered teams	2 elements per team	20 elements per club
11 registered teams	2 elements per team	22 elements per club
12 registered teams	3 elements per team	36 elements per club
13 registered teams	3 elements per team	39 elements per club
14 registered teams	3 elements per team	42 elements per club
15 registered teams	3 elements per team	45 elements per club

## Methods of payment

After completing the registration on our website, the clubs must pay the registration fee.

The payment should be made by wire transfer, in which must:

- **send the proof of transfer by email;**
- **clearly identify the team/club.**

The organization makes available two accounts in which may choose, if opting for this mode of payment:

**IBAN:** PT50 003504080003052440058  
**BIC \$WIFT:** CGDIPTPL

**IBAN:** PT50 001000004974763000121  
**BIC \$WIFT:** BBPIPTPL

## Summer Cup Insurance Service

---

In the absence of sports insurance, teams must possess an insurance against personal injuries - sport, culture and recreation for the days of the event, with similar values to the insurance policy of the portuguese volleyball federation.

If the teams need help with this insurance, the tournament offers the service "**SC Insurance**".

Through the data contained in the delegation form (full name, civil identification number and date of birth) the insurance intermediary formalizes the personal accidents insurance.

The expenses for this service are responsibility of the club, which must inform the athlete parents of the entire process and the payment must be made until the check-in.

# Registration Regulation

---

**Point 1:** Teams interested in participating should **register as early as possible considering that the payment deadline is June 20<sup>th</sup>.**

**Point 2:** The only **selection criterion** of teams is the order of registration. The acceptance of registrations is immediate (unless otherwise informed by the organization), so **any withdrawal must be notified immediately.**

**Point 3:** The **registration is only validated after the payment** of the registration fee. The organization will **send the receipt** of the payment after receiving the check or the wire transfer. The club must provide the data to the organization in order to issue the receipts.

**Point 4:** Registrations can **close before the deadline** if there are a large number of registrations, limited by the accommodation capacity.

**Point 5:** The **registration fee** for the tournament is:

- € 100 per element, if the fee is paid until June 20<sup>th</sup>;
- € 150 per element, if the fee is paid after June 21<sup>st</sup> and during check-in.

**Point 6:** The teams must regularize their registration, until June 20<sup>th</sup>, without any exceptions, by wire transfer, corresponding to the registration fee.

**Point 7:** The organization reserves the right to not return the amount already paid, if the team withdraws from the tournament after June 20<sup>th</sup>.

**Point 8:** It is mandatory participate with the **minimum number of nine players** in the U14 and U15 competition. In case of any last minute event (injury, disease, etc.) and these athletes cannot be replaced, teams can participate in the tournament but are subject to specific rules.

**Point 9:** In the U16 and U19 competition the **minimum number of players is six**, although the organization advises a larger delegation to safeguard injuries.

**Point 10:** It is the sole responsibility of the participating clubs to make sure that athletes / coaches / managers and others who will represent the club possess sports insurance, as well as consent from parents, in case of minors.

**PLEASE NOTE: ALL TEAMS MUST PRESENT BALLS FOR WARM-UP AND GAMES!**

(So teams can carry the balls in the airplane more easily, the organization provides a compressor to enable them to fill the balls on arrival.)

# Trainee of volunteer referees

---

The Summer Cup, assuming its responsibilities as organizer of one of the best volleyball tournaments in the world, increasingly assumes the professionalization of refereeing in the tournament.

At the same time, we continue to focus on the formation of volunteer referees. This type of summer tournaments, because of their unique characteristics are the ideal places to train sports agents.

Therefore, the organization of the event will provide interested parties with a training course on refereeing and score sheet filing instructions.

In this way they can improve their technical skills and who knows this tournament could be a launch in their motivations to follow the referee's career.

## Internship of referees

As in recent years, the Summer Cup organization will organize an internship for referees, integrated in the tournament.

In this internship, portuguese and foreign referees may participate, who, having already been trained by the respective federations or associations of the countries of origin, intend to acquire an experience of refereeing in an international youth volleyball tournament.

The referees will be properly integrated and monitored by portuguese referees with a lot of experience in this type of event.

Registration is free and the organization provides accommodation, food and transportation to and from airports. To register as referees the organization should be contacted via email:

[lousavolleyclube@sapo.pt](mailto:lousavolleyclube@sapo.pt)

# Competition

---

The Summer Cup is also about competition. Around 660 games are held in 5 days in 33 fields simultaneously.

Most teams use the Summer Cup to prepare teams for the coming season by signing teams in the level above and thus be faced with more advanced levels of play and the specific rules of those groups.

On the other hand, the planning of the competition provides for all teams the largest possible number of games regardless the classification. Usually all teams make about 9 games.

In the first and second stage of the competition the games have **3 mandatory sets**. The first and second sets are until 25 points and the third until 15.

In the final phase (crosses and games that define the final classification) games have **5 sets**.

When designing the competitive frameworks the organization defines the series by the playing level forecast of the teams during the registration at the event. This procedure is based on the ranking of national championships and organizational experience.

The key of competitive frameworks is part of the Summer Cup and promotes increased competitive balance as the competition progresses.

## Specific Regulation

---

### U14 (2005) and U15 (2004)

The U14 and U15 delegations must have a minimum number of 10 elements: **9 athletes + 1 coach**.

There is no maximum number of athletes per team, however the minimum of 10 elements is mandatory, and of which 9 must be athletes.

This requirement relates to the mandatory presence of 9 players per match, in order to enforce the rules of players' change between sets.

It will be up to the teams and clubs decide whether it is better to bring one team with a higher number of players or two teams of the same age group/gender, even if one of the teams also includes players from a lower age group.

Similarly, player substitutions during sets are not allowed.

Team X					
Player	I Set	II Set	III Set	IV Set	V Set
A	✓	✓	X	✓	✓
B	-	✓	✓	x	✓
C	✓	✓	X	✓	✓
D	-	-	-	-	-
E	✓	✓	X	✓	✓
F	✓	-	✓	✓	x
G	✓	-	✓	✓	x
H	-	✓	✓	x	✓
I	✓	-	✓	✓	x
J	-	✓	✓	x	✓
K	-	-	-	-	-
L	-	-	-	-	-

In the U14 and U15 competitions, the Portuguese Volleyball Federation regulations must be respected according to which, **between sets, coaches have to change three players; and no athlete can play in three consecutive sets.**

The side box illustrates a situation where the coach made the minimum number of regulatory changes. Of course, the coach can change more than three players so that 12 players can play.

## U16 (2003) and U19 (2000)

In the **U16 and U19 competition**, the minimum is 6 athletes. However, we advise teams to bring at least 8 players, allowing the change of players, thus preventing the occurrence of any injuries.

The **U16 competition** can be a tool for coaches of U15 teams prepare their next season and play without restrictions regarding the exchange of players set to set and use the libero player.
